Naval Support Facility- Indian Head	4/30/15	5/2/14	Permit has been delayed due to major changes at facility; in particular, the conversion from coal to gas. Indian Head notified Permits on 8/19/15 that construction of the new natural gas fired units and removal of the existing coal-fired units was much further along than originally expected. The coal plant was officially de-commissioned on October 23, 2015. As a result, requirements related to coal utilization are being removed from the Title V permit. As of 3/3/16, Permits is awaiting a report from Indian Head providing a plant status summary so that the Title V permit can be finalized.
Fort Smallwood Complex	9/30/15	10/1/14	Pre-draft sent to Fort Smallwood on 12/9/15; comments received from company on 2/18/16. As of 3/3/16, Permits is working to address the company's comments.
